INDEX TO MACHINERY

VOLUME 106

ALL ITEMS MARKED * ARE PATENT SPECIFICATIONS

A		PAGE		PAGE		PAGE
A.A. Industries, Inc., U.S.A.	828	Advance Controls, Ltd.: Type MT3SR magnetic transducer	484	Aluminium alloys. Die casting bicycle frame tube joints in	702	
AEG punched-tape control. Scharmann horizontal boring and milling machines fitted with	31	Aerial reflector. Stainless steel	128	Aluminium alloys, Die casting, in the Ruffini foundry Turin	205	
AEI Electronic Group.: A new high-speed tape reader	536	Aero Heat Treatment, Ltd.: Cold-sawing hollow thin-section materials	13	Aluminium engine components for the Hillman Imp. Die casting	418	
A.I. Efremov Tyazhtankogidropress Type 2B660 heavy-duty horizontal boring, drilling and milling machine	1376	Agitator. Binks-Bullows hydraulic	881	Aluminium pressure die castings. Special machine tools and transfer lines for operations on	929	
A.I. Welders, Ltd.: Combined shearing and welding machine for metal strip	806	Air-bearing spindles. Myford cylindrical grinder with	1329	Aluminium Wire & Cable Co., Ltd.: Hydrostatic oil pressure to assist wire drawing	407	
AIL calibration machine	515	Air bearings. Plain and rolling bearings versus, for grinder wheelheads	1414	Aluminium working. Improved facilities by the British Aluminium Co. for	280	
AMF-Thermatool, Inc.: Pipe welding installation at U.S. Steel Corp.	1361	Air, compressed, High energy-rate forming by means of	1299	American Bosch Arms Corp.: Electrical discharge machining tool metering slot	87	
APT III computer for programming numerically-controlled machine tools. Univac 1107/8	123	Air-cooled diesel engines. Dorman	962	American Brake-shoe Co.: Denison Divn.: Series 100 indexing work tables	1259	
APT Program Europe	123	Air filtration louvre produced by injection moulding in Delrin Acetal resin	271	American Motors: Installation of power-and-free roller conveyors to provide flexibility and avoid damage to work-pieces	927	
A.R.O. Machinery Co., Ltd.: 169A pincer spot-welding gun	604	Air filtration units. Airing	694	"American" Versatile lathe fitted with Bunker-Ramo numerical control	593	
No. 208 C-type spot welding gun	817	Air freight transport. Despatch of single-spindle automatic to Canada by	1055	Amoco (U.K.), Ltd.: Permalum Fluid hydraulic fluid	1213	
ASEA (Gt. Britain), Ltd.: "Furnace Day"	834	Air gauging equipment. RIV	801	Analysis, Coverage - a technique for calculating minimum stocks	563	
ASEA synthetic diamonds	740	Air-motor driven gear-reduction unit. Gast	941	Analysis, Sound economical and technical - the first vital step in automation	987	
Abrams stepping motors	1332	Air-operated capstan lathe with programme control. Liebert & Gurtler	767	Analysis, Value - a technique for cost reduction	186	
Abrasive-band finishing unit. "Willow Tools" Whipetoff	490	Air-operated drill. Atlas Copco portable	940	Anderton Springs, Ltd.: Television monitoring of work in furnaces	465	
Abrasive-belt grinder for punches and dies. Kar-Ry	638	Air-operated jib grinding spindle. Vulcanaire	1327	Angle counters. Bowmar precision	916	
Abrasive-belt machines. Thos. White type TOP/VW and TOP/V	1094	Air-operated spring compressing machine. C.H.S.	22	Angle measuring system. Zeiss linear and	655	
Abrasive Developments, Ltd.: Additional premises	49	Airborne Instruments Laboratory Divn. of Cutler Hammer: Laser interferometer machine for calibration	515	Angus, George, & Co., Ltd., Oil Seal Divn.	864	
Abrasive pads and discs. Bear-Tex	1428	Aircraft panels. Vacuum brazing honeycomb	1306	Anti-corrosive material. Ferrofor	67	
Abrasive-wheel cutting-off machine. Osmond	479	Aircraft parts. Electrohydraulic forming of tubular	192	Anti-friction bearings for heavy loads. Linear	134	
Abrasive-wheel cutting-off machine. Osmond type OX/SB	790	Airking air filtration units	694	Anti-vibration mountings. Wedgemount and Jackmount	551	
Abrasive-wheel cutting-off machine. Wallace	269	Airmec, Ltd.: Film: Autoseal machine tool controls Tape control equipment on Herbert turret drilling machine	104	Apex Construction, Ltd.: Aquacut cutting-off machine Type 228	67	
Accles & Pollock, Ltd.: Special coiling unit for use in the cold drawing of steel tubes	316	Aldell U 35/1A single-spindle drilling machine	323	Appleton, N.V., Ltd.: Award for the cast components for metal window frames	287	
Accounting machines. Making Odhner calculating and	4, 452, 844	Aldemite trolley wheel lubricator and oil mist lubricator for link pins	712	Applied Chemicals, Ltd.: Applied-Oliver Douglas type B.D.2 spray washing machine	939	
Accumulators, Greer-Mercier hydro-pneumatic, fitted to two Becker lathes	946	Alfa-Laval Co., Ltd.: De Laval type S.W. washing unit Delavac turbine oil-purifying unit	1054	Aquacut cutting-off machine. Apex type 288	67	
Accupin measuring system. The G.E. Accuton automatic inspection equipment for gudgeon pins	571	Alfing transfer machine. Sigma automatic gauging equipment on	661	Arbors. Bristol-Erickson "push-on"	747	
Ackworth, Ltd.: Components store made from Dexion slotted angle and edge perforated shelves	1320	* Alignment system for a press bolster alkett Maschinenbau G.m.b.H.: Rotary swaging machines	485	Archdale, James, & Co., Ltd.: Rotary transfer machines for operations on pipe fittings	1191	
Acme-Efco fully-automatic installation for finishing bumper bars	1131	Allen West & Co., Ltd.: PB5 reed switch	1264	18-station transfer machine fitted with Brookhirst Igranlic switchboard	215	
Acramatic 230 series tape control. Carlton drilling machine with Cincinnati	1354	Alloy. Wallex No. 55 hard-facing	97	Arco air-hydraulic feed unit	1156	
Acrow (Engineers), Ltd.: Cranes for the Cincinnati foundry	94	Almaform drawing compound for sump pressings	716	Arcton micro erosion machine. S.L.E.E.	1134	
Adamson, Joseph, & Co., Ltd.: Special press for producing heads for pressure vessels	1379	Almco Supersheen Divn. of Gt. Britain, Ltd.: Sub-O-Matic cleaning and deburring plant	922	Aristo type 4438 Co-ordinatograph plotting and marking-out machine	802	
Additive for pickling baths. Multi-purpose	487	Alston Tool & Gauge Co., Ltd.: Relief grinding attachment	1139	Aristo co-ordinatograph used for production of control tapes	340	
Adhesive. Assembling stators with Loctite	756	Alternator for arc welding. Oerlikon type EFS 250	870	Armature shafts of Monel K-500	909	
Adhesive film. Protection of large components with Fablon	854	Aluminium alloy die castings for load-bearing applications in motor cars. Production of	1149	Arno 1 N universal milling machine	1221	
Adhesive material for nameplates. PasCal-750	130			Aro-Broomwade Tap-a-Matic tapping unit. Set-up on	88	
Adjustable adjustable stock guides	370

Asbestos in insulating materials for electro-magnets .. .	1190
Ashtown Bros. & Co. (Engns.), Ltd.: Fluidized-bed machines for plastics coating .. .	147
Ashlea 5-in. sine bar .. .	236
Asquith, William, Ltd.: PowerThrust type 2NC horizontal-spindle drilling machine .. .	757
Assembling connecting rods and caps. Automatic machine for .. .	1311
Assembling Dixi jig borers. New facilities for .. .	968, 1044
Assembling selector pins. Automatic machine for .. .	851
Assembling stators with Loctite adhesive .. .	758
Assembly, Automatic, of calculating and accounting machines .. .	844
Assembly of bushings by brazing. Fixture for .. .	117
Assembly of Coventry Climax crankshaft. SKF oil injector used in .. .	1257
Assembly by die casting .. .	115, 702
Assembly by die casting method. Some possibilities of the .. .	707
Assembly line for diesel engines .. .	864
Assembly line for Dowty Dowmatic hydrostatic transmissions .. .	738
Assembly machines. Versimatic automatic .. .	917
Assembly methods, Factory line-, in the building of large ships .. .	228
Assembly operations on motor car horns .. .	1187
Assembly of pump vanes. Automatic .. .	1092
Assembly of rear axles. Automatic .. .	1254
Assembly of washing machine drums. Use of Spencer Franklin hydraulic clamping units for the .. .	436
Assessing investments. Discounted cash return method of .. .	963
Associated British Machine Tool Makers, Ltd.: .. .	97, 306, 1249
Associated Electrical Industries, Ltd.: Micro-machining with lasers .. .	1265
Astral barrel plating machine. Hockley .. .	38
Atlas Copco (Gt. Britain), Ltd.: Type LBB 33H26 portable air-operated drill .. .	940
Atlas curve analyser and integrator .. .	1186
Attenuator ultrasonic flaw-detection unit. C.N.S. Instruments Mk.4 .. .	928
Auerbach type F 250 by 1000 vertical milling machine with programme control equipment .. .	766
Aurora Gearing (Wilmot North), Ltd.: Toothed-belt drive .. .	990
Auto Precision, Ltd.: Line of Swiss-built Petermann automatics .. .	667
Autodrill R 1000 machine. Tape-controlled drilling operations on compressor parts on an .. .	44
Autofeed, Crompac, stud welding equipment .. .	1263
Autogil automatic roll feed press. Wallis type 120 .. .	1425
Automated cleaning and deburring plant. Large .. .	922
Automated forging at B.I.S.R.A. .. .	80
Automated moulding line at the Ford Thames Foundry Dagenham .. .	1359
Automated production of motor car pistons. Highly .. .	60, 284
Automated set-up for broaching both ends of propeller shafts .. .	697
Automatic assembly of accounting and calculating machines .. .	844
Automatic assembly machines. Versimatic .. .	917
Automatic assembly of pump vanes .. .	1092
Automatic assembly of rear axles .. .	1254
Automatic ball-sizing machine .. .	459
Automatic bar classifier. McKay .. .	1241
Automatic billet grinder. Brookes .. .	826

	PAGE
Automatic capstan lathe. The AutoWard .. .	1429
Automatic CO ₂ pipe welder. Philips type PZ 5031 .. .	808
Automatic control of quality as an integrated part of a manufacturing process .. .	885
Automatic copy milling attachment. Mimik .. .	1262
Automatic cutting-off machine. Additional work-holding arrangement for Bimax TA 50 .. .	996
Automatic-cycle milling of stub-axle forgings .. .	963
Automatic deburring machine .. .	10
* Automatic deburring machine .. .	1099
Automatic die casting machine. Dynacast high-speed .. .	1330
Automatic die casting machine. Toriko S.M. 64 .. .	428
Automatic drilling machine .. .	456
Automatic Equipment, Ltd.: Continuous stoving oven .. .	298
Automatic face-milling machine. Vogtland .. .	772
Automatic feed arrangements for cut lengths of tube .. .	504
Automatic finishing of bumper bars. Acme-Efco installation for .. .	1131
Automatic gauging machine. Micromatic .. .	1332
Automatic grinding of contoured parts from hardened stock. Continuous .. .	528
Automatic handling avoids damage to transmission gears .. .	751
Automatic handling of transmission cases between machining operations .. .	882
Automatic high-speed gear hobbing machine. Morat type B110 .. .	154
Automatic honing machines. Japanese developments in .. .	183
Automatic hydraulic copying lathe. Russian .. .	1373
Automatic inspection machine .. .	11
Automatic inspection machine for gudgeon pins. Sheffield .. .	571
Automatic machine for assembling connecting rods and caps .. .	1311
Automatic machine for assembling selector pins .. .	851
Automatic machine for cutting rubber tubing .. .	844
Automatic machine loading, inter-operational material handling, and interlocked gauging .. .	1270
Automatic machine for machining and assembly operations on turnbuckles. Vogtland .. .	770
Automatic machine tools. Photronic type DPC/TD control unit for .. .	153
Automatic machines for connecting rod production. Some .. .	1310
Automatic milling machine for ratchet teeth .. .	454
Automatic presses. "Integrated Electronics" Minit-Man control unit for .. .	520
Automatic programme-controlled turret lathe. Minganti Minaut .. .	1303
Automatic. Rapid production of gear blanks on a large-capacity multi-spindle .. .	700
Automatic roll feed press. Wallis type 120 Autogil .. .	1425
Automatic. Rydermatic No. 15S vertical single-spindle .. .	480
Automatic screw-making plant. Russian .. .	1318
Automatic shear blade grinding machine. Thos. White Type AKG .. .	1093
Automatic Sigma gauging equipment on Alfing transfer machine .. .	661
Automatic statistical calculator. Guttiger .. .	975
Automatic stud welding at the works of Leyland Motors .. .	590
